## 01 By the Numbers

**10+**

**Years of Experience**

Military communications, network operations, IT support and training program development since joining Army CECOM in 2015.

**7+**

**Years at Leidos**

Program Support Lead since 2019 and PM Tactical Network Field Operations subject matter expert since 2020.

**5**
**Certifications**
CCNP Enterprise, Cisco Certified Specialist in Enterprise Advanced Infrastructure Implementation, CCNA, Security+ ce and Cloud Foundation Administrator.

**CONUS + OCONUS**
**Training Reach**
Delivers specialized training on advanced communication systems at locations in the continental U.S. and overseas.

## 02 Highlights

LEIDOS · FORT EISENHOWER
### Warfighter Readiness Training
Sean designs and delivers training curricula for Warfighter Readiness systems supporting mission critical operations at Fort Eisenhower, leading field and classroom instruction with training aids built for different learning challenges.
Curriculum Design · Field Instruction · Training Aids · Readiness

JNN · PM TACTICAL NETWORK
### Tactical Network Systems
Configures and troubleshoots JNN and PM Tactical Network systems for seamless connectivity, and supports secure SIPR and NIPR environments with secure network protocols.
JNN · SIPR / NIPR · Troubleshooting · Network Admin

QUALITY ASSURANCE · NEW EQUIPMENT
### Training QA Before Deployment
Oversees quality assurance programs that test training materials and new equipment for accuracy and effectiveness before deployment, and recommends organizational improvements that raise mission efficiency.
QA · Equipment Testing · Scheduling · Process Improvement

BELL TECHLOGIX · UNISYS · AECOM
### Enterprise IT Support
Years of remote and on site support for local and international customers, resolving trouble tickets, managing Active Directory accounts and security groups, and supporting VPN connectivity for remote users.
Active Directory · VPN · Ticketing · Customer Service

## 03 Experience

LEIDOS · TECHNICAL TRAINING · TACTICAL NETWORKS — Feb 2020 to Present
### PM Tactical Network Field Operations, Subject Matter Expert
- Designs and delivers training curricula for Warfighter Readiness systems supporting mission critical operations at Fort Eisenhower.
- Leads field and classroom instruction and conducts specialized training on advanced communication systems at CONUS and OCONUS locations.
- Oversees quality assurance for training materials and new equipment, manages training schedules and recommends organizational improvements.

LEIDOS · PROGRAM SUPPORT — Mar 2019 to Present
### Program Support Lead
- Program support leadership role at Leidos since March 2019.

Continued · pathproof-sean-boler

BELL TECHLOGIX, INC. · IT SUPPORT

Feb 2020 to Present

### IT Technical Support Specialist

- Provides remote and on site technical support for IT systems, security and services.
- Uses Active Directory and Microsoft Office tools to manage user accounts, password resets and security groups.
- Manages network connectivity and VPN configurations for remote users.

STRATIVA · HELPDESK · TRAINING

Nov 2018 to Dec 2019

### IT Helpdesk Specialist

- Assessed training needs and developed, scheduled and delivered technical training for new hires and new software.
- Led functional and technical support for software implementations and enhancements.
- Configured workstations, monitored virus reports, encrypted data and set up firewalls to protect confidential information.

UNISYS · IT SUPPORT

Oct 2017 to Dec 2018

### Information Technology Technical Support

- Handled inbound technical support for local and international customers by phone, email and instant messaging.
- Analyzed trouble tickets and managed Active Directory accounts, provisioning and security groups.

AECOM · IT SUPPORT

Feb 2016 to Jul 2017

### Information Technology Technical Support

- Verified customer identity before account access and resolved technical issues through structured troubleshooting.
- Helped customers understand IT changes to security, systems and services.

U.S. ARMY CECOM · ARMY IT

Jan 2015 to Feb 2016

### IT Specialist

- Wrote functional specifications documenting hardware development and specified power supply requirements and configuration.
- Directed technicians and engineering support personnel, and helped modify and build development courses for the Army.
- Monitored VLANs and obtained a security clearance.
