Trellis Pompey

// TS/SCI · PMP · Accumentum CISM, PMP & Security+

TS/SCI cleared, PMP certified senior technical project manager with more than 15 years leading enterprise technology programs across Unified Communications, AV/VTC, network infrastructure, data center operations, telepresence and secure collaboration. Trellis delivers high availability communication and infrastructure for government, Department of Defense, healthcare and commercial environments where performance, reliability, security and execution discipline are essential. His background pairs hands on technical architecture with program leadership, bridging strategic objectives, engineering requirements and measurable service performance.

Senior Technical Project Manager | Cybersecurity & IA | TS/SCI · PMP | AV/VTC · Video over IP | Charlotte Hall, Maryland

LOCATION	Charlotte Hall, Maryland
OPENNESS	Open to roles
PATHLOCK	Not connected
STATUS	Best aligned for senior technical project and program management roles in cybersecurity, unified communications and DoD mission systems
CLEARANCE	TS/SCI
FOCUS	Secure AV/VTC and unified communications, network infrastructure, program governance and enterprise technology modernization

01 By the Numbers

15+

Years of Experience

Enterprise technology program leadership across Unified Communications, AV/VTC, network infrastructure, data centers, telepresence and secure collaboration.

350+

Data Centers Supported

Managed field server support operations for U.S. Citizenship and Immigration Services across more than 350 data centers worldwide.

33
Telemedicine Sites
Led the redesign and expansion of a statewide telemedicine network serving 33 correctional facilities for California Prison Health Care Services.

8
Years at CompQsoft
Grew from VTC Infrastructure Network Architect to AV VTC Services Program Manager on a major government contract.

02 Highlights

DISA · JSP · NIPR / SIPR
Secure DoD Collaboration Delivery
Serves as primary program and technical interface to government leadership on a major DISA/JSP AV/VTC and unified communications contract, driving STIG compliant design, testing, deployment and sustainment of Cisco, Polycom and Tandberg telepresence across NIPR, SIPR and other secure networks.

STIG · IAVM · Video over IP · Telepresence

PROGRAM GOVERNANCE · SOPS · SLAS
AV VTC Services Program
At CompQsoft, Trellis directed multi disciplinary teams across AV/VTC engineering, operations, infrastructure support and modernization, built SOPs and governance frameworks, and kept services on time, within scope and in line with demanding service level requirements.

Governance · SOPs · Lifecycle Planning · Stakeholders

USCIS · VEEAM · FLEXPOD · HYPER-V
National Scale Data Center Support
Led geographically dispersed contract teams supporting server installations, configurations, upgrades and lifecycle support across more than 350 USCIS data centers, working directly with executive stakeholders on task plans and deliverables.

Veeam · FlexPod · Hyper-V · Data Centers

HEALTH NET · TELEMEDICINE
Statewide Telemedicine Redesign
Modernized legacy infrastructure for California Prison Health Care Services, improving secure, high availability virtual care across 33 correctional facilities through close work with healthcare, technical and facility stakeholders.

Telemedicine · Modernization · Healthcare IT · Secure Comms

03 Experience

DEFENSE INFORMATION SYSTEMS AGENCY · WASHINGTON DC BALTIMORE AREA · CYBERSECURITY · PROGRAM DELIVERY — Mar 2026 to Present

Senior Technical Project Manager, Cybersecurity

- Leads technical program delivery, cybersecurity and information assurance for enterprise AV/VTC, unified communications and network infrastructure supporting DISA, Joint Service Provider and DoD mission systems.
- Drives STIG compliant design, testing, deployment and sustainment of telepresence and Video over IP platforms across NIPR, SIPR and other secure DoD networks.
- Owns technical roadmaps, governance frameworks and SOPs that strengthen compliance with DISA security standards and IAVM requirements.

COMPQSOFT · PROGRAM MANAGEMENT · AV/VTC

2019 to 2026

AV VTC Services Program Manager

- Led delivery of complex audiovisual and video teleconferencing services on a major government contract as the primary interface for government leadership.
- Directed teams across AV/VTC engineering, operations, infrastructure support, system configuration, lifecycle planning and modernization.
- Developed operational plans, SOPs, governance frameworks and process improvements that raised efficiency and compliance.

COMPQSOFT · NETWORK ARCHITECTURE · VTC

2018 to 2019

VTC Infrastructure Network Architect

- Architected and managed enterprise VTC network infrastructure for the Joint Service Provider and DoD communication environments.
- Led on site engineers and served as primary customer liaison for operations, escalations and modernization planning.
- Designed, tested and deployed major VTC upgrades in line with DoD and DISA security standards, including STIG requirements.

INFOZEN INC · INFRASTRUCTURE · FIELD OPERATIONS

Aug 2016 to Aug 2018

Field Server Support Manager

- Managed multi site field server support for U.S. Citizenship and Immigration Services across more than 350 data centers worldwide.
- Owned technical requirements for server installations, configurations, upgrades and lifecycle support with Veeam, FlexPod and Hyper-V.

EBS INC. · VIDEO ENGINEERING · UC

2016

Video Engineer / SME

- Designed and deployed secure, resilient Unified Communications and VTC solutions supporting Department of Defense operations.
- Provided subject matter expertise on architecture decisions, system modernization and operational continuity.

THE ARBEIT GROUP · PROGRAM MANAGEMENT · VTC

2011 to 2016

Program Manager / VTC Subject Matter Expert

- Led video teleconferencing and network operations projects supporting the Defense Health Agency (2013 to 2016).
- Kept critical NIPR and SIPR communication environments reliable, recoverable and performing.
- Earlier served as Video Conferencing / Telecom Program Manager (2011 to 2013).

HEALTH NET · HEALTHCARE TECHNOLOGY

2010 to 2011

Program Manager

- Led the redesign and expansion of a statewide telemedicine network for California Prison Health Care Services across 33 correctional facilities.

04 Credentials & Qualifications

Vendor certifications are holder-asserted unless a live issuer check succeeded

ACCUMENTUM®
CISM®
Certified Information Security Manager training with Accumentum, June to August 2026.

ACCUMENTUM®
PMP®
Project Management Professional training with Accumentum, May to June 2026.

ACCUMENTUM®
CompTIA Security+
Security+ training with Accumentum, February 2026.

CLEARANCE
TS/SCI
Top Secret/SCI clearance supporting work in classified and unclassified DoD environments.

CISM · ISACA	Holder-asserted
PMP · PMI	Holder-asserted
Security+ · CompTIA	Holder-asserted

05 Technical Skills

// DELIVERY

Program Coordination	Core · 96
Program Implementation	Core · 96
Governance / SOPs	Core · 96
Contract Performance / SLAs	Advanced · 88

// COLLABORATION

06 Let’s Put Trellis To Work

Best aligned for senior technical project manager, program manager and technical lead roles in cybersecurity, information assurance, unified communications, AV/VTC and network infrastructure supporting DoD and government missions.

07 Education

ACCUMENTUM®

CISM®, PMP® & Security+

Accumentum credential pathways in information security management (CISM, 2026), project management (PMP, 2026) and security (CompTIA Security+, 2026).

NORFOLK STATE UNIVERSITY

Electrical and Electronics Engineering

Engineering study that grounds Trellis’s work in network, video and communications infrastructure.

TESST COLLEGE OF TECHNOLOGY

Beltsville

Technical education supporting a career in communications and infrastructure engineering.

PathPay funds the path. PathPass gets you through the exam. PathLock keeps the letters. PathProof shows the work.

Accumentum confirms the training and practical work completed with us. Certifications are listed by the professional, and many can be checked with the issuing organization in one click.
